Balkan War.

(Continued from First Page.)

the cutting of communications with Constantinople are unfounded.

BIG BATTLE IMMINENT.

Fighting continues at all points along the frontiers, and an important battle is impending in the Kumanova district, between the Serbians and the Bulgarians, who, according to a Constantinople report (probably exaggerated), has 100,000 men and strong artillery.

A Constantinople dispatch reports that the battle has begun practically along the line from Adrianople to Kirk-Kiliseh, the Turkish troops advancing and the Bulgarians falling back with heavy losses.

BOMBARDING TARABOSCH.

The Montenegrins apparently are making slow progress in the direction of Scutari. Podgoritz dispatches say the bombardment of Tarabosch continues, but, although the fort has been greatly damaged, there is no sign of yielding.

GREEK NAVAL VICTORY.

In naval matters the honors so far are with the Greeks, who have captured Lemnos, thus obtaining a base from which they can attack the Turkish squadron, should it ever emerge from the Dardanelles. Seemingly, however, the Turks are not disposed to leave the Black Sea, and risk an encounter with the Greek fleet.

BRILLIANT COUP BY BULGARIANS.

(BY CABLE AND A. P. TO THE TIMES.)
SOFIA (Bulgaria), Oct. 22.—A Bulgarian force attacked the Turkish retreating from Djumala which is due south of Sofia on the Struma River. Many Turks were killed, hundreds were taken prisoner, and the Bulgarians were able to capture the town. The Bulgarians were unable to escape because of the irregulars dynamiting a bridge between Djumala and Norvotop.

The Council of Ministers has directed the Agricultural Bank to take useful measures to prevent an increase in the price of bread by purchasing wheat and selling it to the bakers at cost.

GREEKS CAPTURE ISLAND OF LEMNOS.

(BY CABLE AND A. P. TO THE TIMES.)
ATHENS, Oct. 22.—After a short engagement today against the Turkish garrison, a landing party of 500 Greeks occupied Lemnos, capital of the island. Three Turkish officers and 200 soldiers were made prisoners.

HEAVY FIGHTING ALL ALONG LINE.

(BY CABLE AND A. P. TO THE TIMES.)
LONDON, Oct. 22.—All divisions of the Montenegrin army concentrated south of Scutari are taking part in the attack on Tarabosch. A terrific bombardment, says a Podgoritz dispatch to the Express, has occurred, and the greatest battle yet fought between the Turks and Montenegrins is in progress.

Crown Prince Danilo is personally commanding operations. Roads have been blasted in the mountainside to allow the passage of heavy artillery which has been mounted on the heights around Tarabosch.

A dispatch from Sofia to the Express says a big battle has been raging around Kirk-Kiliseh for two days. It is reported that the Turkish defenses between that city and Adrianople have been broken by the Bulgarians.

GEN. FRENCH CALLED HOME.

The Express understands that Gen. Sir John French has been recalled to London from Denver, Colo., it is supposed.

ALARMISTS TO THE FORE.

War Between Germany and England Is Again Predicted.

(By Cable and Direct Wire to The Times.)
BERGEN (Norway), Oct. 22. [Exclusive Dispatch.] Confidential information has been received by leading ship brokers here from influential firms in England that a clash between Germany and England is imminent. The Norwegians are urged to charter steamers, with coal and grain, for use the coming winter. Coal is indispensable and as for grain, it is indispensable. It is declared by the alarmists that a naval conflict between Germany and England may occur off the west coast of Norway and in that case the belligerents will be tempted to seize a port, say Christiansand, or Bergen, and use it as a base of operations and for refueling and refitting. It is necessary, according to this view of the possibility, that Norway be supplied with special stores of coal and food and otherwise be prepared to enforce its neutrality.

MOSLEMS MASSACRE DEFENSELESS PEASANTS.

(BY CABLE AND A. P. TO THE TIMES.)
SOFIA (Bulgaria), Oct. 22.—The massacre of 147 Bulgarian peasants by Turkish soldiers in the village of Givorno, near Koychana, was reported by the correspondent of the government organ, Mr. The Turks, according to the correspondent, ordered the peasants to lie on the ground and then shot them in cold blood. One of the massacres to which King Ferdinand referred in his proclamation occurred at Koychana.

A number of Turkish villages and towns have fallen into the hands of the advancing Bulgarian army, which crossed the frontier on the western side of Bulgaria and is operating separately from the army, marching on Adrianople. As the Bulgarians advance the Turkish troops are falling back, in some cases without offering any resistance. The upper reaches of the Bregalnitsa, Struma and Mesta

BELGRADE (Serbia), Oct. 22.—The four Serbian armies are advancing slowly into Turkish territory, but are meeting with stubborn resistance from the Turkish troops, according to official reports reaching here from the front.

The first Serbian army, operating in the direction of the fortress of Uskub, has reached the vicinity of Kumanova, only ten miles away from Uskub. The Serbian troops today captured the outlying positions around the town, and a general attack on the town itself is expected today.

The Serbian army approaching Pristina, along the River Ibar, had a

serious engagement yesterday with a strong force of Turkish troops and Armat irregulars, estimated by the Serbian commander at 40,000 men, which he defeated in a hard-fought battle.

The Serbians took the offensive and captured the entrance to the Hosioidal Pass, on the Serbian frontier, after some very heavy fighting. The Turkish troops then retired and the Serbians were able to pass through onto the plains of the Turkish province of Kosovo.

The houses of the Turks are believed to have been very heavy.

Another Serbian army operating in the northern part of Novipath, has captured all the Turkish blockhouses and advanced positions around the town of Sienitza.

The first convoy of wounded reached Belgrade today. It consisted of about 150 men, the majority of whom were only slightly wounded.

King Peter yesterday crossed the border in a motor car and was enthusiastically received by the troops.

GREEKS BOMBARD PORT OF PREVESE.

(BY CABLE AND A. P. TO THE TIMES.)
CONSTANTINOPLE, Oct. 22.—Greek warships have been bombarding the Turkish port of Prevese since yesterday, according to a report received here.

Two hundred Bulgarian prisoners arrive here from Adrianople today. They were arrested on suspicion of espionage and brigandage. The same train brought fifty wounded Turkish soldiers and a number of refugees from the frontier.

As the Bulgarians advance the Turkish troops are falling back, in some cases without offering any resistance. The upper reaches of the Bregalnitsa, Struma and Mesta

are now commanded by the Bulgarian troops.

During the fighting on October 13 before Djumala, the Bulgarians captured three Turkish field guns, some ammunition and took 140 prisoners. At Metoma, two companies of Turkish troops surrendered with their arms.

A small town called Boetten, in the Kirdchall district, also has been occupied by the Bulgarians while Kirdchall itself surrendered and a few Turks were captured there.

APPLICATION TO LIST BONDS.

NEW YORK BUREAU OF THE TIMES, Oct. 22.—[Special Dispatch to the Times by Federal (Wireless) Line.] Application has been made to the stock exchange to list \$25,000,000 general and refunding mortgage five per cent. thirty-year bonds for the Pacific Gas and Electric Company.

The uniforms worn by the Greeks, Serbs, Bulgars, Montenegrins and Turks in the Balkan conflict form a striking contrast and to a certain degree reflect the temperament of each nationality. The Greek and Montenegrin uniform is traditional and reaches far back into the past, while the Bulgarian and Serb uniforms are modern, and that of the Turks is a modified modern form of the historic Moslem garb.

(BY CABLE AND A. P. TO THE TIMES.)
BELGRADE (Serbia), Oct. 22.—The four Serbian armies are advancing slowly into Turkish territory, but are meeting with stubborn resistance from the Turkish troops, according to official reports reaching here from the front.

The first Serbian army, operating in the direction of the fortress of Uskub, has reached the vicinity of Kumanova, only ten miles away from Uskub. The Serbian troops today captured the outlying positions around the town, and a general attack on the town itself is expected today.

The Serbian army approaching Pristina, along the River Ibar, had a

serious engagement yesterday with a strong force of Turkish troops and Armat irregulars, estimated by the Serbian commander at 40,000 men, which he defeated in a hard-fought battle.

The Serbians took the offensive and captured the entrance to the Hosioidal Pass, on the Serbian frontier, after some very heavy fighting. The Turkish troops then retired and the Serbians were able to pass through onto the plains of the Turkish province of Kosovo.

The houses of the Turks are believed to have been very heavy.

Another Serbian army operating in the northern part of Novipath, has captured all the Turkish blockhouses and advanced positions around the town of Sienitza.

The first convoy of wounded reached Belgrade today. It consisted of about 150 men, the majority of whom were only slightly wounded.

King Peter yesterday crossed the border in a motor car and was enthusiastically received by the troops.

GREEKS BOMBARD PORT OF PREVESE.

(BY CABLE AND A. P. TO THE TIMES.)
CONSTANTINOPLE, Oct. 22.—Greek warships have been bombarding the Turkish port of Prevese since yesterday, according to a report received here.

Two hundred Bulgarian prisoners arrive here from Adrianople today. They were arrested on suspicion of espionage and brigandage. The same train brought fifty wounded Turkish soldiers and a number of refugees from the frontier.

MOSLEMS MASSACRE DEFENSELESS PEASANTS.

(BY CABLE AND A. P. TO THE TIMES.)
SOFIA (Bulgaria), Oct. 22.—The massacre of 147 Bulgarian peasants by Turkish soldiers in the village of Givorno, near Koychana, was reported by the correspondent of the government organ, Mr. The Turks, according to the correspondent, ordered the peasants to lie on the ground and then shot them in cold blood. One of the massacres to which King Ferdinand referred in his proclamation occurred at Koychana.

A number of Turkish villages and towns have fallen into the hands of the advancing Bulgarian army, which crossed the frontier on the western side of Bulgaria and is operating separately from the army, marching on Adrianople. As the Bulgarians advance the Turkish troops are falling back, in some cases without offering any resistance. The upper reaches of the Bregalnitsa, Struma and Mesta

are now commanded by the Bulgarian troops.

During the fighting on October 13 before Djumala, the Bulgarians captured three Turkish field guns, some ammunition and took 140 prisoners. At Metoma, two companies of Turkish troops surrendered with their arms.

A small town called Boetten, in the Kirdchall district, also has been occupied by the Bulgarians while Kirdchall itself surrendered and a few Turks were captured there.

Heartburn, Gas, Dyspepsia and All Stomach Distress Ended With "Pape's Diapiesin."

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapiesin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over. Keep this perfect stomach doctor in your home—keep it handy—get a large 50-cent case from any drug store and then if any one should eat something which doesn't agree with them; if what they eat lies like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapiesin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—L.A.D.

Greeley Poudre Irrigation Company Must Make Dual Fight Says Wyoming Man at San Jose.

(By Federal Wireless) Lines to The Times

CHICAGO BUREAU OF THE TIMES, Oct. 22.—[Special Dispatch.] The difficulties of the Greeley-Poudre irrigation district in diverting the waters of the Laramie River through an expensive canal to its own uses, involving a decree which must be entered in the United States Supreme Court, have had an aftermath in the Municipal Court against Parson, Son and Company. The suit, while for only \$1000, is in the nature of a test case and if the banking firm is adjudged the loser, numerous other suits from small investors and country banks in the Middle West will follow.

The suit alleges fraud in the disposal of the \$866 six per cent bonds of the irrigation company. It is brought by Dr. M. H. Lehensohn of No. 73 East Madison street.

G. A. Campbell of Laramie, Wyo., who is now spending the winter at No. 10 North Eighth street, San Jose, Cal., and who is interested in the head waters of the Laramie from a Wyoming standpoint, declares in a letter dated October 12, that even the tunnel, which the Greeley-Poudre people partially constructed to divert the Laramie waters to their land is that work on it cannot be started again until these liens are satisfied.

In the event of Dr. Lehensohn winning a favorable decision in the local courts against the Larson banking concern, suits aggregating at least \$200,000 will be brought by other bondholders.

Marine Arrested at Mare Island Alleged to Be Assistant Cashier Charged With Embezzlement.

(By A. P. Night Wire to The Times.)

VALLEJO (Cal.) Oct. 22.—Clyde C. Wilcox, a marine attached to the Mare Island navy yard, was arrested today on information from the East charging him with having embezzled \$5000 last August from a Bancroft, Kan., bank, of which, it is said, he was assistant cashier. A letter written to Wilcox by a woman, said to be his wife, at St. Joseph, Mo., led to his arrest.

Wilcox went to Cheyenne, Wyo., where he enlisted in the marine corps, September 2. He arrived at Mare Island September 5.

BLOODLESS WAR.

Mock Military Operations Are Conducted by the Red and Blue Armies at Honolulu.

(By Federal Wireless) Lines to The Times

HONOLULU, Oct. 22.—[Special Dispatch.] Active operations started today by the Red and Blue armies which take part in the comprehensive maneuvers by United States troops under command of Gen. Macomb in this military department. The invaders commanded by Col. McDunnell, supposed to have made a landing on the windward side of the island, were joined by a detachment of marines with two marine guns tonight, landing at Palaeia from the tug Navejo.

The Blue army under command of Col. Wilder is encamped tonight above Pearl Harbor ready to defend this important position and protect it from being captured. It is possible that the United States transport Dix, now in port, will be called upon to take part in the operations. A large number of officers from the Freddie are present watching operations.

MINISTER INSANE.

Methodist Pastor of Everett Suffers Breakdown As Result of Labors in No-License Campaign.

(By Direct Wire to The Times.)

TACOMA, Oct. 22.—[Exclusive Dispatch.] The Rev. A. H. Cooke, pastor of Hopkins Memorial and North Broadway Methodist Churches, at Everett, has been adjudged insane and committed to the asylum at Steilacoom.

The clergyman has been working hard as secretary of the No-License Committee, and his mental breakdown is ascribed to worrying over the outcome of the Snohomish county local option election to be held November 5.

A short time ago Mr. Cooke was sent to a Seattle hospital to recuperate, but grew worse instead of better. Rev. Cooke is unmarried, and has lived in Everett two years.

SHAVING SINGER TOWER.

Cost Would Be Prohibitive, But Architect Says New York Has No Right to Disputed Ground.

(By Federal Wireless) Lines to The Times

NEW YORK BUREAU OF THE TIMES, Oct. 22.—[Special Dispatch.] Owners of the tall Singer building at Broadway and Liberty street said today that they were not worried over the prospect of having a piece of their building shaved off because of the discovery that the structure stands on property claimed by the city.

Ernest N. Flagg, architect, who designed and erected the Singer tower, said that the building could be cut down and brought within the building line, but at a prohibitive cost.

He said, however, that the Singer Company owned the property and had been in possession of it for more than twenty years. Liberty street at this point, he added, was never wider than it now is. The question upon which the alleged encroachment hinges is whether it is a fee street or an easement street.

MISS MACKAY CONVULSANT.

Only Two Ways to Stop Drinking.

One is to Stop Before the Will Power Becomes Too Weak, the Other is to Take the Nal Treatment.

Very few moderate drinkers realize they are poisoned with alcohol until they make an effort to stop drinking. The poisoning of the system with alcohol is cumulative and the drinker is a slave to his habit before he is aware of it. When a man realizes he is advanced to a stage where he cannot stop at once he should take treatment. "Tapering off" is always a failure, for the drinker must stop at once and never touch a drop of liquor if he succeeds without assistance.

Frame-up on Becker.

(Continued from First Page.)

When he had asked permission to tell when he was on the stand before the jury, the testimony was in direct support of the contention of the defense that Rose, Webber, Vallon and Schepps, informers and State witnesses, had conspired in jail to send Becker to the electric chair by their own perjury.

John F. McIntyre, Becker's chief counsel, had declared his case rested when Sullivan and Schepps were going to frame up Becker. Sullivan declared. "He asked me to corroborate his testimony. They were after me—kept at me—day and night. One left of the other began. Rose got a letter from the District Attorney one day and after he had read it, he came to me and said: 'Jack, the District Attorney writes me that he wants to know if you are going to corroborate us. He said if you do it will be all right; if you don't, you'll be indicted.'"

"Webber said to me, 'The only way you can get out is for you to do as Whitman says, and swear that you saw Becker with Jack Rose and me a few hours after the murder. If you do that, you'll get out, like we will, after the trial. If you don't, you'll be indicted and spend six months in jail.' Once Webber said to me, 'Jack, for God's sake, say you saw Becker, as we will testify. If you want money, we will give you \$1000, and if not, when you get out, we'll go into the hotel business. I'll put in \$25,000 and we will divide the profits even. As you have to do it to live for us, if you lie, it's all right; if you don't, you'll go to jail.'"

"To all these importunities Sullivan said he replied that he would spend six years in jail if necessary, rather than swear a man's life away."

LOUIS PLITT, brother of Becker's so-called press agent, was another witness for the defense who was forced on the stand by Justice Goff after Mr. McIntyre had declared his case closed. Mr. McIntyre refused to examine Plitt and again the District Attorney read into the records evidence that the State's case was "strong."

"Jack Rose told me," Plitt testified, "that Becker didn't have anything to do with the murder. He said, 'I swear to you on my mother's grave that Becker didn't have anything to do with this. He is innocent, but I've been talking too much and I've got to testify against him.'"

NEARING END.

Tomorrow will be devoted to summing up. Justice Goff will charge the jury Thursday morning. William Shapiro, driver and part owner of the gray murder car which carried the run men to the Metropole after shooting Rosenthal, testified in rebuttal. He added nothing to published version of his story except his statement that thirty or thirty-five seconds elapsed after the shooting before he was able to start his car with the gun men inside in flight.

ELEVENTH HOUR CHANGE.

It is said to have been an eleventh-hour change of mind on the part of Mr. McIntyre kept Becker from the witness stand.

"I didn't put Becker on the stand," McIntyre said, "temporarily because I did not care to signify the opinion that the charge of murder had been corroborated by credible witnesses. The law says there can be no conviction on the testimony of accomplices without corroboration. To have put Becker on the stand would have appeared to have been acknowledgment that the testimony of Hallen and Luban amounted to credible testimony; whereas it appeared before the jury that Hallen had served twelve years in State's prison, and Luban was brought to shackles from the New Jersey State Prison into the courtroom."

RECORD AGAINST LUBAN.

When court convened, John F. McIntyre, Becker's counsel, produced in evidence the record of the Kings county court, showing that Morris Luban had been convicted of perjury in 1911 and sentenced to seven years in the penitentiary. Luban, who testified for the State that he was an eye witness of the Rosenthal murder, swore that he never had been convicted of crime.

Asst. Dist. Atty. Moss told the court Luban had appealed from the verdict and now was out on bail.

Maher testified that he entered and left the restaurant with Becker and that Becker said nothing to Webber.

POLICEMAN IS A TARTAR.

Charles E. Foy, a policeman, testified that he was called to the Rosenthal home last February by Mrs. Rosenthal to effect Webber and Vallon. The witness testified Webber told him that Rosenthal had been responsible for breaking his jaw.

LOTS OF BEAUTIFUL, GLOSSY HAIR, NO DANDRUFF--25-CENT "DANDERINE"

Hair coming out?—If dry, brittle, thin or your scalp itches and is full of dandruff—Use "Danderine."

Within ten minutes after an application of Danderine you cannot find a single trace of Dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small

strand at a time. The effect is amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable luster, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that all you really need to have beautiful hair and lots of it if you will just try a little Danderine.

presented the testimony of accomplices and convicted."

"All your motions are denied," Justice Goff replied. To Mr. McIntyre's request for an adjournment, the judge replied he would grant it on a condition that both counsel complete summing up tomorrow. Mr. McIntyre said he was willing to save down his time to four hours, and Justice Goff finally ordered court to convene tomorrow.

Mr. McIntyre said he would have until 2 o'clock to sum up," he said. "We will then take a recess until 3:30 o'clock, and the District Attorney will have until 7:30 o'clock tomorrow evening to make his address. I shall charge the jury on Thursday morning."

CHURCH GETS GOOD START.

Woman Builds and Equips Edifice and Presents It Free From Debt to the Congregation.

(BY DIRECT WIRE TO THE TIMES.) TACOMA (Wash.), Oct. 22.—[Exclusive Dispatch.] At Bristol Heights, near White Salmon, a church was dedicated under unusual conditions. It was free of debt and there was no campaign for funds to break the interest of the services, conducted by the Rev. Messrs. Tate, Crim and Gormley, the latter head of the Presbyterian Church in this State.

As a mission to Alaska, Mrs. McFarland, who lives with her brother on a ranch, had the church built, equipped and staffed from a cost of \$1200, and gave it to the ranchers of the Bristol section.

Mrs. McFarland aided farmers further by donating land and assisting in the erection of a grange hall.

DOCTORS ARE GRILLED.

Specialist Testifies They Displayed Poor Judgment in Method of Using an X-ray Machine.

(BY DIRECT WIRE TO THE TIMES.) SAN JOSE (Cal.), Oct. 22.—[Exclusive Dispatch.] That local physicians used poor judgment when they employed an X-ray machine two hours and forty-five minutes in an effort to save a man's life, was the gist of testimony of Dr. Walter Borden, a Santa Clara county physician, who was called to the stand today in behalf of Miss Ethel Townsend, a woman who is suing local physicians for \$11,000 damages as a result of burns received while holding the child under the X-ray. Dr. Borden said a serious mistake was made in the use of the X-ray. He said the rays are allowed to pass more than thirty minutes on the body of a human being, and that the rays are almost never used more than four or five minutes in operations at the Lane Hospital.

The little girl's father was placed on the witness stand today and identified the staple which the little girl coughed up about a year after the fruitless efforts of the physicians to remove it.

UNSELFISH ORZOCO.

Week-old Letter of Rebel Chief Seems to Indicate Advance Knowledge of Dias Uprising.

(BY A. P. NIGHT WIRE TO THE TIMES.) EL PASO (Tex.), Oct. 22.—"None of the chiefs has personal ambitions and they are disposed to unite with any other revolutionary movement which has patriotic tendencies."

This, contained in a letter received here today from Pascual Orozco, Jr., appears to bear a prediction of the Felix Diaz Uprising.

The letter was dated October 14 at Rancho Santo Domingo, a few miles southwest of Eagle Pass, Tex. Orozco has moved west since then.

In the letter Orozco warns Attorney Gomez Robelo, his representative here, to care not to violate the neutrality laws and to give to the press only verified facts regardless of partisanship. Orozco denies he has been in the United States.

All remains quiet about Juarez, Mex. Rebels under Salazar, who threatened to attack the border town, have retired to the hills, evidently expecting reinforcements.

Stop Even Whooping Cough Quickly. A Family Supply at Small Cost.

Here is a home-made remedy that takes hold of a cough instantly, and will usually cure the most stubborn case in 24 hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for \$2.50.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir 2 minutes. Put 2 1/2 ounces of Pinex (40 cents' worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps end a cough.

You probably know the medicinal value of pine in treating asthma, bronchitis and other throat troubles, sore lungs, etc. There is nothing better. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in gualacol and all the natural healing pine elements. Other preparations will not work in this formula.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this remedy. Write for it. If not sent to this Pinex Co., P. O. Weyna, Ind.

Fontana Orange Groves Appeal to Practical Investors

\$2750 Per Acre Refused For 20 Acre Grove on Fontana Tract.

A real "dividend producer" is the famous Fontana Tract.

Many of the shrewdest investors in the country today are buying orange and lemon groves as straight investment propositions. It is a well known fact that citrus groves are yielding bigger returns on the money invested than practically all other types of fruit or farm lands.

Throughout the citrus growing districts of Southern California, groves are netting their owners from \$200 up to \$1000 per acre yearly.

The owners of bearing orange orchards realizing their value as income producers, hold them at prices that are far beyond the average man's means.

Bearing groves in localities free from killing frosts, with deep soil and ample water, are at a premium, but it requires more capital than a man in moderate circumstances can raise to purchase them.

The Fontana plan of selling orange groves is designed primarily, to meet the requirements of the average man that desires to invest part of his earnings in a young grove that will begin to return an income within a few years—while he continues at his usual avocation during the orchard's unproductive period.

Fontana groves are located in one of the most productive sections of the entire citrus belt. Prices of groves in this district are rising continually. They have climbed from \$1000 an acre upward, until now \$1500 is no more than average, and sales at \$2000 an acre are not an uncommon occurrence.

\$2750.00 an acre has been refused for one 20-acre Washington Navel grove in the Fontana-Rialto District.

The little girl's father was placed on the witness stand today and identified the staple which the little girl coughed up about a year after the fruitless efforts of the physicians to remove it.

Further information relative to Fontana groves may be obtained from the Fontana Company, Owners and Developers; Thomas D. Campbell & Co., Exclusive Selling Agents, 625 South Hill St., Los Angeles.

Latest Fashions in Coats

Just in time for today's showing the express brings us a lot of fifty new coats, and O, such styles—smartest looking garments we've seen this season.

Some are styles especially for motoring. Others may be used for street or motoring, others, still more dressy, can be used for the limousine or for afternoon wear.

Materials are Eponges, Diagonals, Camel's-hair Mixtures, Broadcloths and many other weaves, including double-faced goods.

Grays and Gray Mixtures, Navies and Black are the favored colors. Best of all, however, about this new purchase are the prices. They represent the most remarkable values we've ever shown.

\$20.00, \$25.00, \$30.00 and up to \$45.00.

One of the chief centers of attraction these days is our **FUR ROOMS**. Never before have we shown such satisfying assortments, such wondrously becoming styles, or such splendid values. You are invited to view the display.

We Specialize on Comforts

We make them to order. Any size or odd shape: of any material—cotton, wool or down—and cover them with a material of your own selection. See this week's special offering.

The Sweet-Toned Kranich & Bach

\$10 Monthly Purchases an Upright!

The ideal piano for your home is the Kranich & Bach. It has everything more than musical quality of the highest grade. It is an instrument that has real "personality"—a Piano that will grow into your affections and become a real member of your family circle. The Kranich & Bach is the product of a famous old family of piano-makers, members of which are still actively in charge of Kranich & Bach production. Exclusive features give it a—

Quality That Is "Built In"

and these are responsible for its great popularity among discriminating people. Kranich & Bach Uprights have the violin principle of stringing, and the largest sounding board used in any Upright Piano. This gives "sweet" tones which is so pleasing. The Kranich & Bach Grande has the famous pedal, an exclusive feature by which the tone can be sustained to the softest pianissimo without affecting its evenness of quality.

Buy monthly payments will put a Kranich & Bach in your home. The Uprights are priced at \$525 and up; the Grands at \$750 and up.

A Few Used Instruments at Discounts of \$150 to \$200

These Pianos are very slightly used, can be used to pleasure to you, and are examined and try them for yourself.

AND WILLIAM F. BRYANT, HIS RECORD IN MONTANA.

Judgment Roll in Divorce Case in the District Court at Helena of Guy Eddie's Friend, Who Has Just Resigned as President of the Good Government Organization.

THE TIMES recently secured a copy of the judgment roll of the District Court at Helena, Mont., relating to the proceedings against William F. Bryant, Good Government leader of this city, brought by his former wife. The Express of yesterday officially announced that Bryant had resigned as president of the Good Government Organization. Bryant is a close friend of Guy Eddie, the city's moral censor, whom the Mayor suspended day before yesterday, and has championed his cause. The documents in the Bryant case are here reproduced:

HELENA (Mont.) Oct. 18.—Upon file in the office of the clerk of the District Court of Lewis and Clark county, in Helena, is the judgment roll in the divorce case instituted, May 14, 1902, by Florence E. Bryant against William F. Bryant. The complaint filed in this case provided: "The plaintiff, Florence E. Bryant, comes by Leslie & Craven, her attorneys, complaining of the above-named defendant, William F. Bryant, and for cause of complaint as set forth in the complaint."

"That on the fifteenth day of November, 1892, she and the defendant were married in the city of Helena, Lewis and Clark county, State of Montana, and lived together as husband and wife in said city until the twentieth day of January, 1893, when without any reasonable cause or just grounds he willingly absented himself and deserted the plaintiff, and disappeared from said state, without any intention of returning, and has continuously remained away from her and the home he left, and from the State of Montana, from that time till now, and is still away, and she is advised and believes that he has no intention of returning."

"Second. The plaintiff now resides in the city of Helena, Lewis and Clark county, State of Montana, and has been a constant resident thereof for more than twenty years last past."

"Third. That she was born unto her and her said husband during his stay with her, two children, one named Lela Leola, aged 17 years the 26th of September, 1891, and the other, Garnett L., aged 5 years the 6th of July, 1893, and that she has been a constant resident thereof for more than twenty years last past."

"Fourth. That he abandoned and left them in her charge. He left her without any property, money or other estate, and never has provided or furnished her or the children with any assistance or help in any way to support, maintain, educate or clothe the children. He is and was at the time he left, a man of good health, able and stout, and she has learned since he left in active working life and gathering estate."

"Fifth. That she did from the time of her marriage and until he abandoned and left her, and patiently do and perform every and all of the duties upon her as a wife, and was to him a true and faithful companion, and his leaving was without fault on her part."

"Sixth. She has surrendered all hope of his returning to share with her the trials of life, or in providing for the children or in any way to fill his place in the family. She advised that he is located in the State of California, near a postoffice named Santa Paula, and he is able to give her help toward a support and raising and education of their children, and he ought to do so."

"Therefore, she brings this suit against him for a divorce, and she prays for a decree granting her a divorce from her said husband, and for judgment against him compelling him to pay and furnish her a reasonable amount of money toward a support and the clothing and education of their children. And she prays for a decree giving her the continued custody, care and control of said children and enjoining him from any and all interference with them or in regard to their possession and control of them in any way whatever. And she prays for all other necessary orders, decrees and help from the court proper to be rendered, and consistent with the justice of her case, and she will ever abide by the same."

"The summons was duly issued, and an affidavit was filed by the plaintiff, in which she set forth that the Sheriff had been unable to serve the summons, and that she had been unable to locate the defendant. The order for publication of summons was made by Judge W. H. Hunt, then judge of the court, and the summons was published in the Helena Independent, and a copy of the same sent by registered mail to the defendant at Santa Paula, Cal."

Upon August 6, 1892, the defendant having failed to appear, make answer, or be represented in any manner whatsoever, Judge Dudley DuBois, presiding judge, signed the following decrees:

"This day this cause came on for hearing, Leslie & Craven appeared for the plaintiff, and it appearing that the summons herein was duly issued and placed in the hands of the Sheriff of Lewis and Clark county, Montana, for execution upon the defendant, and that the same was returned by the Sheriff with his return thereon, and that the defendant had failed to appear, make answer, or be represented in any manner whatsoever, and she prays for all other necessary orders, decrees and help from the court proper to be rendered, and consistent with the justice of her case, and she will ever abide by the same."

"The only communication I have had in connection with this letter to the defendant's attorney March 25, 1912, which was the general stereotyped letter of this office in cases of that kind, the settlement of which was expressed in the last sentence. We never had any objection to any claimant in such cases. This statement made in connection with the fact that I personally convicted Figueroa and believed he should be hung, together with the fact that this is our invariable attitude on all applications for clemency, does not mean in any way that we sanction or approve clemency in this or any other case, but simply

HONEYMOON REPEATED.

Lockes Are Docked, Unlocked and Relocked—Now They'll Live Happily Ever Afterward.

Love laughs at locksmiths and the troubles of Lockes, and in the end has its way. When Luther and May Locke were married a few years ago their seemed a happy wedded life until discord crept in. Their marital differences increased until a separation seemed the only way out, and a divorce followed.

But living apart didn't seem to make either of them happy. They decided that their differences weren't so acute after all. The law again provided a remedy and yesterday afternoon they were married by Justice Young. They are having their second honeymoon now, following which they will reside at No. 1913 East Twenty-second street.

IN A WOMAN'S WORLD. BEAUTIES FLEE BEAUTY PARLOR.

MAN'S ADVENT, BUSINESS BENT, CAUSES EXODUS.

Became Cucumber Cream Is Said to Contain Corrosive Sublimates. Fatal to Cockroaches and Facial Epidermis, Wrinkle Removatory Is Hailed.

Two doctors, a lawyer and detective raided the Cucumber Beauty Shop, No. 702 South Broadway, yesterday afternoon and captured enough corrosive sublimates to kill all the cockroaches and bedbugs in town, but failed to discover M. Adrian King, proprietor and chief wrinkle destroyer, who is wanted to answer a charge of having violated the poison law of the State. Officers had not found King late last night and he appears to have disappeared more completely than the blemishes and wrinkles on the faces of his patients.

Fred H. Roberts, inspector of the State Board of Pharmacy, was told several days ago that the skin foods, soaps, bleaches and other beautifiers used and sold by King contain a large percentage of corrosive sublimates, one of the most poisonous derivatives of quicksilver. Roberts investigated and found King is not a registered pharmacist and therefore not qualified to sell any solution containing corrosive sublimates or any other poison.

Shortly after 3 o'clock yesterday afternoon, Roberts, accompanied by Dr. R. A. Sommer, inspector of the Board of Medical Examiners; Albert A. Kidder, Jr., assistant prosecuting attorney for the board; and Detective C. H. Jarvis went to the beauty parlor at room 102 and inquired for King. A black-eyed, rouge-cheeked damsel stuck her head out of one of the wrinkle-removing cabinets and said:

"Prof. King is not here, but will be in shortly."

Jarvis informed her that he was about to read a search warrant. The girl stammered something and quickly closed the door. Roberts and his party were heard. A few moments later the rouge-cheeked damsel cautiously opened the door and Roberts told her she had nothing to fear. He read the warrant while the fair patients slipped out via a back door.

What the raiders were searching for was a black-eyed damsel who told them to hurry and get out. I want you to understand that we treat some of the best women in this city," she said, her eyes flashing, and we sell our dope because they want it."

The four men took away enough facial cream, rouge, skin food, cucumber extract, eye stimulant, hair restorer, etc., to stock a young dermatology hospital.

"We had some of King's dope analyzed by the City Chemist as well as the State Chemist, and the results were startling. It was found enough poison in a small bottle of cucumber extract to make all the bedbugs in Los Angeles give up the ghost. Corrosive sublimates is a deadly poison and many persons have died from using it. It is also injurious to the skin and dries out wrinkles. The face, unless one keeps using it every day."

The law prescribes fine of \$1000 or imprisonment in the County Jail for one year for selling poison without a license.

HE'S FIVE MINUTES LATE.

And Consequently He Loses Title to Valuable Tract Contested with Original Settler.

The value of the tract was indicated yesterday in a decision by Register Huren and Receiver Robinson of the local land office involving 160 acres in the Palo Verde Valley.

It appeared from the evidence that William S. Wells went on the land and made a home and settlement before the land was withdrawn from such settlement for reclamation purposes. When the land was restored to the public domain, Gus Caldwell, being near the quarter section line, tried to enter but was driven off by Wells. He was also shown that Caldwell did not reach the line until 12:05 o'clock a.m., April 18, the date of restoration.

Had Caldwell reached the land and crossed over promptly at 12 o'clock, midday, he would have been a simultaneous settler with Wells. But Caldwell was five minutes late and Wells was already there. If the reclamation project had been carried out, Wells would have been compelled to move, but there is nothing in the law to show that he was an interloper or trespasser. If Caldwell's watch had not been slow he would either have been given one-half of the land, or he would have been compelled to bid it in at public sale. The local officers give the land to Wells.

"FAMILY" DEDICATION OF "TIMES" BUILDING.

Owners and the Phoenix Enjoy Interesting Private Affair Preliminary to Public Demonstration Arranged for December Fourth—Placing of Significant Tablets. With Music, Decorations and Refreshments.

ON DECEMBER 4, 1912, will occur the formal public dedication of the new Times Building. The still unfinished work on the structure will have been completed by that time, and the massive building of granite, steel, concrete, brick, iron, marble and wood will then be in shape to be opened to its friends and the public. The dedication will be full, formal and popular in character, and a large attendance is invited.

Yesterday there was an unpretentious preliminary dedication, mainly private in character and in the nature of a family "housewarming."

Though the various departments have operated in the new building since October 1, yesterday was the first favorable occasion for this special ceremony, and it was enthusiastically participated in by members of the Times phalanx all along the line.

The men and women of the force had a good opportunity to learn the "lay of the land" in the several departments, to listen to some good music, to enjoy a luncheon spread on the second floor, and to witness the emplacement of several tablets of brass and bronze which commemorate important epochs in the life of this journal and other notable events.

Gen. Otis, with his associates, editors, workers and subordinates, many of whom passed through that fiery baptism, the frightful holocaust of the never-to-be-forgotten morning of October 1, 1910, were of course among the active participants.

All the employees had received in advance the following notice:

"On Tuesday, October 22, at high noon, will occur the preliminary dedication of the new Times Building. It will be participated in only, or mainly, by members of the force. The several tablets named in the enclosed will be placed during the forenoon. The erection of the building will be fixed in position at exactly noon, at which time a signal gun will be fired and the alarm sounded."

Gen. Otis, on behalf of the company, invites all members of the force to be present, and for as many practical as possible. The demonstration will be a family affair.

Other guests, including members of the Board of Directors, and various public officials, were also present. The ceremony was a family affair, and the employees of the Times Building were the main participants.

In carrying out the task of purging the State of such fraudulent stock concerns, the various civic organizations of Los Angeles as well as the California Realty Federation and the real estate boards of San Francisco, Oakland, San Jose, Sacramento and other cities will be asked to assist.

They propose to take upon themselves the task of securing data and statistics on the various companies in this city already un-

COLONY FOR LEPERS ON SAN CLEMENTE?

THE establishment of a colony on San Clemente Island for the care of all the lepers in the country, the project to be under Federal direction, is a departure recommended yesterday by County Health Officer Sawyer, who has communicated with Dr. S. D. Brooks of the United States Public Health Service with a view of putting the plan through.

Sawyer believes that this will simply prepare for emergencies that may have to be met when the completion of the Panama Canal brings a horde of immigrants from Europe and Asia to Southern California and shores. He is not an alarmist and sees no danger in the presence of such a colony close to the city.

Four cases of leprosy have been treated at the County Hospital during the past year. One of the patients is dead, according to the latest report of City Health Commissioner Powers. Sawyer believes that there are thirty lepers in California and that the number on the mainland in the United States is about 150. He says there is no cause for alarm in these figures, because they are not unusual.

"The project is both humanitarian and utilitarian," said he yesterday. "Persons afflicted with leprosy should not be isolated, where the terrors of loneliness are added to those of the disease. A leper in the State of Washington, for example, has a single keeper, and both must avoid every living thing. We want a national home, like those in the Philippines and on the island of Molokai, in Hawaii. We want to give the afflicted ones, in our country, churches, schools, libraries, theaters and other advantages."

gin at 11:45 o'clock and continue for an hour, more or less. The exterior of the building will be made brilliant by a general flag display.

In response to this invitation 300 or more employees of the company, representing all branches of the enterprise, assembled in various parts of the building, and singly or in groups passed up and down the stairs, or were waited by the passenger elevators to the different floors.

MUCH OF INTEREST.

There was much of interest among the force as well as visitors, not a few of whom assembled at the sound of the siren. The people of the business office went through the lobby and hand-composition room on the fourth floor and then descended to see the editorial and news rooms on the third, where are located the workshop of the editor-in-chief, the managing editor, editorial writers, city editor, reporters, sketch artists, telegraph operators, telephone editors, magazine editor, society editor, dramatic editor, the sporting department, and all the paraphernalia of a modern newspaper, complete in every detail and fitted with all the latest time-saving and labor-saving devices and conveniences.

This extensive room, with its 14,000 square feet of floor space and its rows of desks arranged for practical use, had been floridly decorated by the most direct and modern methods of various departments of the "news end" of the paper. From the desk of the editor-in-chief, garlanded as it was with many beautiful floral arrangements, each with its message of love and affection, to the table of the ubiquitous office boy, the fragments of blooms to each one meant a beautiful message.

Among the floral tributes received by Gen. Otis from members of the Times staff was a lovely collection of pink roses sent by working men and women of the Times-Mirror Printing and Binding House and the American Engraving and Electrotype Company, subsidiary organizations.

Other tributes, including boxes of Japanese lilacs, violets, roses and carnations; bouquets of chrys-

ONE HUNDRED THOUSAND TO ROUT OUT SHARPERS.

OFFERS to the Los Angeles Realty Board of financial assistance for its campaign in cleaning out fraudulent stock jobbers, made public at the first meeting of the board's committee for that purpose yesterday, indicate that a fund of \$100,000 from various public-spirited organizations throughout the city and State will be available for routing out the sharpers.

On the committee is Dr. Peter James, chairman; Percie H. Clark, Charles G. Andrews, Arthur W. Kinney, John T. Gaffey, Thomas C. Bundy and Charles F. O'Brien. It was decided to make the investigation of stock-selling corporations far-reaching, and to ask the State Board of Public Health to conduct the same.

In carrying out the task of purging the State of such fraudulent stock concerns, the various civic organizations of Los Angeles as well as the California Realty Federation and the real estate boards of San Francisco, Oakland, San Jose, Sacramento and other cities will be asked to assist.

COLONY FOR LEPERS ON SAN CLEMENTE?

THE handling of leprosy by individual counties in this State is too expensive a task, and it needs expert Federal control. San Clemente is in a wonderful climate, and so isolated that it would not place anyone in danger. I have it from competent authorities that a water supply can be developed there for 300 persons, and this might be increased by distillation, as is the case on our battleships.

"When the Panama Canal is put through the influx of immigrants to our shores will make it necessary for us to watch out for many diseases that give us little trouble now. I don't think there is much danger, but steamship lines direct from Europe and the Orient will make a change."

Dr. Brooks agrees with Dr. Sawyer that the Federal authorities should have a central colony for all lepers in the country, but does not commit himself to the San Clemente plan.

"For ten years," he says, "the Public Health Service has been talking to the authorities for such a colony. The California climate is excellent; but the question is a law passed and water supply may be perplexing at San Clemente. The problem of transportation is of no great moment, because under a law passed and water supply may be perplexing at San Clemente. The disease is not easily communicable."

BANANAS TO BE POPULAR SOON.

City Will Consume About a Million a Week.

Fruit to Take Leading Place on Local Market.

Large Shipments Are Coming from Mexico.

About 1,400,000 bananas a week will be consumed in the city when the fall and winter demand increases. "We are shipping in about twelve million a week," said Louis J. Orla yesterday. He is resident manager of the Pacific Fruit Dispatch company, which handles the major portion of the consignments to this city. Each car contains about 400 bunches and each bunch averages from ten to twelve dozen.

This fruit is shipped via New Orleans and Galveston from Central America to this city, and is mainly grown in Honduras, Guatemala and Costa Rica. It takes about fifteen days for a shipment to come from the plantation to Los Angeles.

A car of bananas is valued at \$700 to \$750. The freight amounts to \$1.50 per hundred pounds. The minimum weight in a car is about 10,000 pounds, making a total of at least \$150 for the freight charges per car. Besides this is the additional expense of \$50 a car for icing and handling service. Bananas have to be watched day and night while en route.

As a result of the increasing demand for bananas because of other fruits being out of the market, we will soon begin shipping about eight million a week. The price on bananas may advance a little as the season approaches, but there will be a gradual falling off early in the year. The price is unlikely to advance much if the weather is cold in the East. Should it be mild a large quantity of the fruit will be diverted to eastern sections and will not be here so freely as if the weather was cold.

E. Garner of the firm of Marston & Smith, which handles an average of one million a week independently of the Pacific Fruit Dispatch company, says that at the same time in certain portions of the country bananas are sold as high as 11 a bunch. This was before they were shipped into the country so freely. Bananas cost almost nothing when shipped in Central America.

"and the principal sources of advance are the shipping charges and expenses to shrinkage. Bananas also often cause loss because of the fact that when they ripen they have to be sold quickly below the market price."

For a number of years efforts have been made to secure bananas from Mexican points to come into competition with those from Central America, but have not been uniformly successful. Many fruit dealers have prophesied that some day Mexican bananas would become of great importance in the trade.

Lately considerable success has been had in shipping bananas from Bandera Bay, according to John D. Hinton of Myers, Darling & Hinton. He said that the firm expects to start a monthly ship service from that point next month.

"We expect to bring in about 10,000 bunches a month," said he yesterday. "and we have already shipped three cargoes averaging 1000 bunches each. These bananas are a different variety from those grown in Central America and come up about \$1 a hundred to \$1.50 a hundred from Bandera Bay, which is 1100 miles down the coast. The trip is made in about four or five days. The first shipment received was in July."

WORKMAN ACCIDENTALLY INHALES CYANIDE OF POTASSIUM BUT RECOVERS IN A FEW HOURS.

Frank W. Bickel, 24 years old, No. 742 East Forty-second street, was taken to the Receiving Hospital yesterday suffering from cyanide of potassium poisoning, having inhaled the fumes through a gas fixture. The young man is employed by the Meyerberg Company, No. 217 West Sixth street. Certain style of fixtures are given a cyanide bath before they leave the factory. This solution is supposed to be thoroughly washed off before the goods are shipped. Bickel said he had a free air passage and had not been thoroughly cleaned and his fumes quickly overpowered him. Several hours later Bickel was removed to his home. Dr. Carter declared him out of danger.

Myrtle Jones, 9 years old, No. 1168 West Thirty-fifth street, broke her right forearm yesterday while playing at the Thirty-sixth street school. Joseph Welch, 25 years old, fell from a ladder while working in the East Side jail and sustained a fracture of the fifth rib on the left side. A derrick which Welch was fixing dropped upon him. The ladder, derrick and man fell to the floor.

L.W.W. FINDS COUNTERFEITING EASY WAY TO LIVE.

Self-Styled Painter, Caught With Counterfeit and Hatful of the Phony, Makes Complete Confession—Secret Service Agent Believes Him Green, but Willing.

Secret Service Agent Hazen swore out a warrant yesterday charging Elmer Immel, a young painter who has made his home in this city for the past two years, with making and passing counterfeit. The young man will be arraigned in the United States District Court this morning.

Immel was arrested by Detectives Fitzgerald and Dixon at his room, No. 308 South San Pedro street, Monday night, where mysterious noises attracted the attention of some of his fellow-roomers. The first indication that counterfeit money was in circulation in this city and vicinity was brought to Hazen about two weeks ago and he has been closely investigating the matter. After the arrest of Immel his room was searched and ten \$1, thirty-three 50-cent and eleven 25-cent pieces were found, together with a complete counterfeiting outfit. Immel made a complete confession.

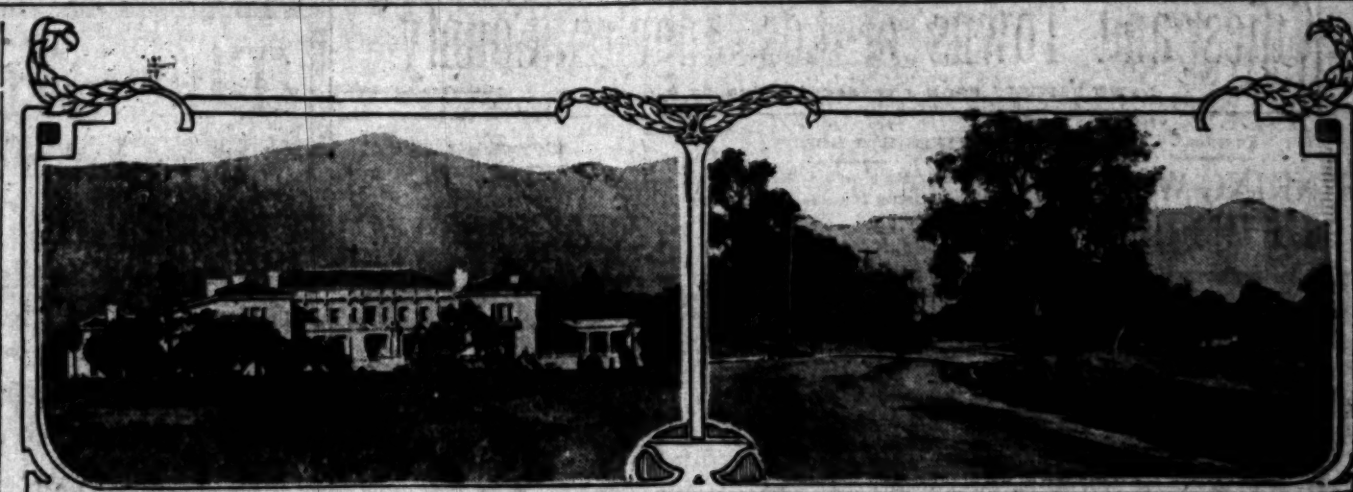

It is Hazen's opinion that Immel is a new man in the business. He was at one time a member of the L.W.W. organization but a card found in his possession indicates that he is in bad standing for the non-payment of dues. He is also a member of the St. Ignace Athletic Club of this city. He claims that for some months he worked as a painter with W. R. Kern, a contractor. He has also been employed at a restaurant at Second and Los Angeles streets.

For years before coming to Los Angeles he lived in Chicago at No. 1424 South Fortieth avenue, but nothing is officially known of his record there. When he started to California he had a ticket only as far west as Denver and was compelled to ride the rods the rest of the way.

About a year ago Immel was arrested here on a charge of petty larceny and served six months in the County Jail. At that time he was employed by the California Club in cleaning furniture and it was alleged that he stole a lot of writing paper and envelopes belonging to the members.

The money found in his possession looked well as far as the work was concerned, but the coins turned almost black after they had been in circulation a short time.

The body taken from Glorieta Bay, number 2, Mrs. E. C. Moore this afternoon identified the corpse, which had been in the water three weeks and was beyond recognition when recovered, as that of her husband, who disappeared September 14.

Previously Dr. K. A. Rood, a dentist, and declared positively that he made a gold crown that was taken from the skull of the deceased, but his identification was shaken by the statement of the autopsy surgeon, Dr. A. Morgan, who pronounced the body that of a woman. Dr. Rood was so positive in his assertion that he signed

the tooth for Moore that the body was exhumed for re-examination by three physicians who conducted this second examination, however, said that they were unable to decide whether the remains were those of man or a woman.

DENVER "U" WARRIORS ARRIVE FOR BATTLE.

Rocky Mountain Football Team Looks Like a Bunch of Norsemen—Met at Station by Oxy Rooters—Team Seems to Be Well Balanced and Ranga—Tigers Will Have to Go Some.

BY OWEN R. BIRD.

Shotwell, Denver's Best End.

He is a veteran and one of the fastest men on the Rocky Mountain football team, that arrived last night, ready for the fray with Oxy.

THE Denver "U" team is here. Last night twenty stalwart men got off the train at the Arcade station and were received by a delegation of Oxy Tiers, who harked out their war cry as the train came puffing into the depot. We have been hearing all kinds of reports about the size and strength of these warriors from the heights of the Rocky Mountains, and after looking last night at these fellows, we are convinced that for once the truth has been spoken. Yes, the Denver men are huskies. In fact, one is reminded of the famous Norsemen, when seeing this crew disembark. As the passengers came streaming out of the station door, the football team was easy to recognize by its width of shoulder and great height. Every man looks as though he had been through some kind of human viking factory, or had been raised by Spartan methods where only the fit were allowed to survive.

If this aggregation of beef and bone can play football in direct proportion to its size, the Oxy Tigers are likely to have their several falls twisted before the coming battle, Saturday afternoon, comes to a close.

Of course, we have not seen the team in action nor stripped for weighing, so this premise is merely based on observations taken of the men while posing as ordinary citizens, but they look like a crew that would only stay short of wreck and sudden death. In fact, if Uncle Tom McCarey could have one look, he would open a "white hole" factory on the spot.

On leaving the depot, the team was at once taken to the Occidental Hotel and Coach Crowley and Trainer Newhouse, former umpire in the Coast League, began putting their coats in their dressing cases for a good night's rest. When the last freshman had been shipped upstairs, the worthy coach and trainer wiped his forehead and remarked that it was some job to get the boys in bed, all in one bunch, and I believe him at that.

Coach Crowley then sat down and told us that he expected to have his best team in the field when the men faced Oxy, but that in the game with Utah, last Saturday, the squad was badly crippled, owing to previous injuries and the rather primitive methods used by that team while in action. He said that it was as much as a good man's life was worth to get into a game with the Norsemen.

"We had to play men out of their regular positions," said Mr. Crowley, "and then we could not use four of our star players. As a result, the team was badly handicapped. When Schroeder went out, we lost all our defense and from then on the team was absolutely disorganized."

This man Schroeder is the captain and fullback of the team and I can readily believe that it would mean to the squad to lose him. He stands well above six feet and is built like a brick wall from the ground up. I only wonder that he had a spot weak enough to be put out of the game. But then, as he had one, they say, he is a mighty good kid, if he looks about for anything.

According to Coach Crowley the team is not as heavy as was expected, averaging only 165 stripped, but then that is a mighty good 165, if he looks about for anything.

The Denver team will practice in the morning on the U.S.C. field, or on the Y.M.C.A. grounds, though the former is preferred by the coach. The practice will take place at 8:30 and when we see them running through their signals, a more definite line can be drawn as to the possibilities of the aggregation.

M'CREIDIE DECLARES HIS TEAM PLAYED BAD BALL.

WHAT Walter McCreidie said at the finish: "Rotten! Positively the rottenest game I have seen this season. If it had been any worse, the Board of Health would have been on the job and the whole bunch would have been condemned on general principles and removed to the posthouse."

"Why, we couldn't have won from a High School team, playing the way we did today. Vernon will have little difficulty in taking the seven straight games if we can't play better ball than we did today. Yes, the pennant is theirs if we continue to play the rotten ball we did today. "Every run they scored was given to them. Vernon should not have had a single run. I want to beat the Tigers this series. The boys want to beat them and we are not going to quit. We haven't any quitters in the club, but I am disgusted with the game today."

"Tomorrow it will be a fight and Hogan's bunch will have to play ball. I won't say what we will do, because I don't know. I never predict and I don't have anybody showing me what I said we would do and telling me I am crazy, but I do know we want the game and we are going to play for it and all the rest of the games this week."

Tigers Trim Beavers.

(Continued from First Page.)

To knock a hole in the fence. Butcher Baker Art to it, but he didn't get there in time to squeeze it securely, and Walter drew up and aimed all at the back as McDowell fitted blithely across the plate. Kane hit the ball marly to Baker, who stopped it with his stomach. Baker, with his head bowed in sorrow and left hand on his wounded abdomen, recovered the ball with his other hand, after a lively scuffle. By that time it was too late to head Kane at first, so Baker turned his attention to Carlisle, who was executing a flank movement in the direction of third. Baker also missed connections there.

MOGAN'S GLEE CHOKED.

About this time, Hogan's glee became so pronounced that Empire Fireney took a hand in choking it. This time it was a simple reprimand. Kane sprang a "Charley horse" en route to first, and retired in favor of Burrell. Purrell acknowledged the honor by pirating second. Howley, in fact, let him have the base by default, not caring to take any chances with the little, who was beginning to show signs of restlessness at third. Bayless, entering heartily into the spirit of the occasion, backed a playful liner with whiskers, directly at Kestner. Elmer threw up his hands in pained surprise, and the ball curved some distance therefrom. Elmer had a lot of fun chasing the ball around by himself, and finally cornered it over by third base. It really didn't make much difference whether he recovered it or not, as Carlisle had long since scored and Burrell had been at third long enough to catch a deep cold. At this point, Bayless and Burrell got funny and tried to pull off a double steal. After the runners had thrown the ball around for a protracted period in a vain effort to get it somewhere, Burrell was finally nailed at the plate. Kestner to Norton to Howley. It is not every day that a ball gets to take a trip like that.

Roy Brashear tried to start something on Suter with a single in the third, but his bid was nullified by the watchful Bascom, who threw him out without fear of successful contradiction. Was the stellar defense stunt of the game.

THE BEAVERS TIE SCORE.

Fortland overhauled the home people, the fourth. Stewart started the inning badly by serving up four that did not meet with the approval of either Mr. Bancroft or Mr. Flannery. He then handed out a pair of twos, that Dan Howley, at some, and Dan drove it into right for one base, advancing Bancroft to second. Suter bunted to Stewart's right. Harry picked the ball up and threw it to Howley, but as much cannot be said of his throw to first. It was not a wild and woolly throw, but it was a trip too. Howley, covering first on the play, did his best to keep his toe on the bag and pull down that throw. He then threw the ball back to the pitcher, and this was one of them. Roy stretched himself until his pants didn't begin to reach to his knees, due to the fact that he could do so to block the ball. This, of course, greatly mortified him. Bancroft scored on the error. Howley went to second, Suter was safe at first and Brashear looked reproachfully at Stewart, who returned the look, and the inning ended. Rogers walked, filling the bases. Immediately thereafter, Howley handed Suter's grounder for a startling assist to first, retiring the side. This tied up the score, but it might have been worse.

They hung the Beavers' hide on the fence in the seventh. With one embalm, Agnew fanned a double. Stewart sent the ball inside the first-base line. Norton calmly awaited the arrival of the ball. He stood immobile and chin up, and he was not a sign of emotion, no sign of fear. Norton is not the man to misstep a bunt. Then at the psychological moment he heaved his bat up to the ball. But it wasn't there. It had rolled between his legs and was still rolling when Stewart steamed over the plate. Carlisle died to Chadbourne and Burrell filed to Rogers, but with the winning run already in, what difference did it make?

THAT BAND.

Leon T. Shettler is busy with his arrangements for the "Howdy Special." He has made Clarence Smith, bandmaster and Don Lee, assistant bandmaster. John Weiss will play the bass drum and Don Lee has purchased three snare drums. According to Shettler, the Cadillac man expects to use each to permeate his three Cadillac cars. Bandmaster Smith will have the "Howdy Special" today and Fred Pabst, who plays the flute, will help distribute them.

climax to the great race, thousands will watch the cars as they fly through the city. Formulation has been granted by the men of Ontario to speed through to Colton. Messrs. Hogan and Hogan have charged all matters pertaining to the race and the driver who makes the fastest time the electric railroad crossing at Euclid avenue will win a purse of \$200. Every mechanic will drop a card with the number of his car and the name of each driver. In this way the committee will decide who has won the prize money.

COLTON PURSE.

There is a purse of \$500 for the drivers who make the best time to the Hotel Anderson in Colton. This purse will be divided the same as the Phoenix purse, 65 per cent, 25 per cent, and 10 per cent. The winner of the Glenwood Mission Inn, Walter D. Brooks of Redlands and James Charles E. Bligh of Colton. Here all speed laws will be waived and the cars can be whizzed down the hill and around the Redlands Junction. Here red lights will be burned and the road will be carefully marked.

A. B. Coleman, Wilbur La Raga and Charles B. East will be the checkers at Coachella. The checking station is the new garage on the main road. A purse of \$500 has been raised by the citizens of the valley towns to be divided among the first three winners. There is considerable enthusiasm in Coachella and Thermal and other cities and many will keep the night watch to speed the cars on through to Mecca.

At Mecca E. B. Harris and E. L. Hill will be in charge. The cars must each touch this point and the men with the clips will be ready at a point opposite the Southern Pacific Railroad depot. Here on this stretch of the Ocean-to-Ocean Highway fast time is certain to be made.

E. T. Howley and H. L. Fulton will be in charge at Brawley and the checking station is the Bungalow Hotel. Here a crowd will be on hand to welcome the cars, which will be sent out through the Mammoth Wash to Mammoth and thence to Glamis. Here will be the checker at Black Rock between Colton and Thermal. Don't Think Too Harshly of Mr. Wad--It Was More in Sorrow Than Anger That He Did It!

ON THE LINE OF SCUMMAGE

BY OWEN R. BIRD

The referee question for the Stanford-California game has been the center of all the football fans of the north, but Saturday, in the game at Stanford.

The Trojan team was worked up to a fighting edge for the California game, and it was thought best to give them a short rest in order to have them at their best for the game.

Many of the fans of the Trojan team are asking why the U.S.C. team is so much better in its department of the game than are the backfield men in their work.

Coach Stetten of Pomona says that he feels sure of a tough battle with the Trojan Saturday at Claremont. Several of the first team men are not in the best condition and are not likely to be in shape for this game.

BRESNAHAN CANNED, BUT MAY FIGHT DISMISSAL.

[BY A. P. NIGHT WIRE TO THE TIMES.]

St. Louis, Oct. 22.—Roger P. Bresnahan was called before the St. Louis National League club today and discharged as manager of the team.

Although he holds a four-year contract with the club, one year of which has expired, Bresnahan was told that his services were not wanted.

Occidental Varsity as It Shapes Up.

BY OWEN R. BIRD

The Tiger team look good this season and the team has been playing some wonderful football, but as yet has not met a team of its own caliber.

The Tiger squad will have to use strategy and speed to win from the Rocky Mountain giants, for if any other methods are attempted the superior weight of the Denver aggregation is likely to show them.

PATTEN BEAT PICATO IN VERNON BOUT LAST NIGHT.

BY DE WITT VAN COURT

A PAIR SIZED crowd of boxing fans visited Vernon last night and was well pleased with the card of preliminary boxers that McCarry had staged.

The star bout of the evening was between Eddie Patten and Charlie Picato, two lightweights. Patten was altogether too fast for Picato and set a hard, fast pace from the start.

Joe Walker and Berrie Hutton were then ushered into the ring and Hutton started off fine and made a good showing in the first round, but he seemed to be his limit.

Kid Carter and Nick Zorn, two middleweights, were the next pair. Zorn was substituted and had no training. Carter won the decision after four rounds of uninteresting boxing.

Joe Thomas, the New Orleans lightweight, who fought two battles at the local club and made a fine impression with the fight fans, has gone back home.

EASTERN FIGHT KETTLE STILL SPOUTS ANGRILY.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, Oct. 22.—[Special Dispatch.] Billy Gibson has clinched two of three ten-round bouts which will be put on next Monday night at the Garden Athletic Club.

The fighters are Joe (Young) Shugro of Jersey City, who will meet Louis DeFuria, the champion lightweight of France, and Eddie O'Keefe of Philadelphia, who will swap punches with Eddie Morgan, the bantam champion of England.

CHANCE AS UTILITY MAN IS DREAM OF MURPHY.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

CHICAGO BUREAU OF THE TIMES, Oct. 22.—[Special Dispatch.] Charlie Murphy, president of the Chicago National League, is out another interview today in regard to Frank Chance.

"I should love to have Chance a member of the Cubs next year," said Murphy.

"We could use him for a utility man and his batting would be a great asset. He could also tutor Sale in the fine points of playing first base."

Friends of Chance, who deemed an answer to the interview an insult, say that the departed manager would never enter the Cubs' park except in his old position.

Chance demands he be offered a contract, they say, before he will be considered for the position.

At the present Chance is unable to make any move, Murphy said he was in no hurry to act.

Who the new manager of the Cubs will be still remains a mystery. Murphy refuses to tell. Many guesses have been made, but it is apparent

the names of the ball players mentioned for the management of the Cubs have not been authentic.

Chicago baseball fans are anxious to know who the new manager will be and it is hoped that Murphy will make public the name of the person this week.

Murphy said: "Chance will not manage the Cubs in 1913."

"I have not talked with John J. Evers about managing the Cubs," Evers declared that Murphy has not offered him the position.

"Would you accept the management of the Cubs?" was a question put to the second baseman.
